QuizG

Design Document

Purpose: This document contains the UI elements required to develop the App.

Following is the UI look of the various pages:

1) **First Page**

- The User can log in as Student or Teacher

2) Teacher's First Page

- Teachers can select courses and existing quizzes from the drop-down menu to download and view the quiz result in excel format OR the Teacher can enter a new Quiz name in the "Enter Quiz Name" field and press on "Create New Quiz" to create a new quiz.

3) Set Quiz Page

Course Name: [   ]
Quiz Name: [   ]

Question: [   ]

Choices: A [   ]   B [   ]

           C [   ]   D [   ]

Select Correct Choices

Save & Exit   **Next Question**

- The teacher can add questions in the "Question:" field and the options in the "Choices" fields. Once all values are entered, clicking on Select Correct Choices will enable the teacher to click on the choices to select the correct choice.
- "Save & Exit" will store the questions under the quiz name selected and take the user back to the first page.
- "Next Question" will allow the user to add another question.

4) Student's First Page

- Students can select a course and quiz from the drop-down menu.
- "Start Quiz" will start a new quiz.
- "Download Quiz Result" will download an existing quiz result in the form of a pdf.

5) Take Quiz Page

Course Name: [   ]

Quiz Name: [   ]

Question: [   ]

Choices: A [   ]   B [   ]

C [   ]   D [   ]

[Next]

- The student can press the option/options and click on the "Next" button to move to the next question.
- After clicking the "Next" button on the last question, the app will load the first student page.
